Instructions to be Read to the Test subject

Thank you for taking the time come test our program.

- ✓ The test subject will use a provided laptop for testing.
- ✓ The test subject will have a written systematic, instruction on what to do in the testing.
- ✓ During the testing period, one of the testers will taking some notes as the test subject goes through the test.
- ✓ If during the test the test subject needs some clarification they can always ask the tester taking the notes.
- ✓ After the test, the tester will ask questions on what the test subject thought of the program.
